My idol [George Perez](#) is known for always sporting a Hawaiian shirt at public appearances but in this photo (with Marvel and DC Captain Marvel cosplayers) from an unknown event he wears the Avengers shirt that was an inker jam between myself,

[Tim](#)

[Townsend](#)

[Scott Hanna](#)

and

[Norman Lee](#)

(and colored by

[Tom Smith](#)

) and the only published work that I ever inked/ finished over George's sketch art. (For those keeping track, I did Thor and Wasp, Tim did Cap, Scott handled Wanda, and Norman Antman and Iron-man).
