Now that the [Great Philadelphia Comic Con!](#), the new host show to the Inkwell Awards awards ceremony, is now past, I will be focusing on getting caught up on commissions and prepping for more shows. So my commission list is still closed (except for those willing to wait) until I finish up a bunch of Tick wraparound blank covers, 3 "Common Elements" jobs for one regular client, and 2 busy recreations for another. (I'm also waiting for doing a figure in each of 2 jam pieces with the Avengers and the X-men. No assignments to do at the moment from [Kingstone Comics](#) nor the anticipated resumption of work from Ravesnake Media. But looking forward to a new Mike Lilly collaboration sometime.

My next show, a new one, is in a week at the [Undiscovered Realm Comic Con](#) in White Plains, NY on May 4-5 (first promo design by [Andrew Harmon](#) for my Facebook profile pic). The Inkwell Awards will also be in attendance but senior spokesmodel Hailey won't be able to make it so Kathy Denise Taylor will be solo at this event. We will also be adjacent to our friend, the now retired [Joe Sinnott](#) (with his body guards Jim Tournas & Mark Sinnott). The show after that will be a return to the [Garden State Comic Fest](#) at the venue where we first attended their ice skating rink location in Morristown, NJ on June 29-30. The next two shows won't be until August with the [Terrificon at the Mohegan Sun](#) in Uncasville, CT on 8/9 - 8/11 and the [Fan Expo Boston Con](#) 8/16 - 8/18.
